Work-authorised, no sponsorship required | Open to relocation | Full-time from Oct 2026

Summary

Business Management & Cybersecurity MSc (September 2026) with hands-on experience in compliance and regulatory training, policy and controls documentation, and monitoring of flagged activity, plus a strong focus on process automation and AI-driven workflows. Fluent in English (C1) and comfortable across Microsoft tools. Keen to apply governance, monitoring and digitalisation skills in a financial-services compliance team. Seeking a first full-time role in GRC, IAM or compliance — analyst, associate or graduate-programme level.

Education

GISMA University of Applied Sciences
MSc, Business Management & Cybersecurity
Swarnim Startup and Innovation University
B.Tech, Information Technology

- GPA 8.76/10 (German equivalent 1.6).

Sep 2025 – Expected Sep 2026
Potsdam, Germany
Aug 2020 – Jun 2024
Gandhinagar, India

Experience

Cybersecurity Trainer
NIIT Foundation

Apr 2025 – Oct 2025
Ahmedabad, India

- Delivered compliance and policy training to 4500+ students on acceptable-use and access-control requirements, with 95% achieving certification, building day-to-day adherence to governance and Code-of-Conduct-style policies.
- Maintained policy, training and controls documentation in the LMS, keeping records current and audit-ready for review.
- Developed awareness content mapped to ISO 27001 and NIST CSF, enabling non-specialist staff to apply governance requirements in daily work.
- Reinforced identity & access fundamentals — RBAC, least privilege and MFA — to reduce policy and access-control exceptions.

Cybersecurity Research Analyst
The CyberDiplomat

Dec 2023 – Mar 2024
Bengaluru, India

- Monitored activity across 50+ platforms, performing checks and assessments of flags and alerts and escalating policy and access exceptions for review.
- Tracked each remediation item to closure on schedule and documented outcomes and follow-up communication.
- Supported case documentation and ongoing team projects, and tested new tools to improve process efficiency and digitalisation.

Cybersecurity Research Intern
The CyberDiplomat

Jul 2023 – Oct 2023
Bengaluru, India

- Conducted security research across 50+ cryptocurrency platforms and threat landscapes, improving the quality of threat-intelligence and risk-analysis deliverables by 30%.
- Built the research and documentation groundwork that led to the analyst role two months after the internship ended.

Skills

Governance, Risk & Compliance: ISO 27001, NIST CSF, BSI IT-Grundschutz, GDPR, NIS2, DORA, policy & procedure documentation, controls monitoring, audit support, regulatory & compliance training

Monitoring & Investigations: reviewing system flags and alerts, checks and assessments, anomaly detection, case documentation, remediation tracking

Process Automation & AI: Python, PowerShell, workflow automation, AI-driven alert triage and risk scoring, Generative AI tools (ChatGPT, Claude, Microsoft Copilot)

Tools: MS Excel, MS PowerPoint, MS Office, Power BI, SQL; Azure AD / Entra ID

Identity & Access (foundational): RBAC, least privilege, MFA, SSO

Projects

AI-Assisted Monitoring & Automation Homelab | Python, AI Platform API, REST API

- Engineered an AI-assisted workflow that monitored simulated activity and flagged suspicious events using a Python anomaly-detection script.
- Integrated an AI platform via API to automatically triage flags, score risk and map cases to playbook logic, producing response recommendations as a model for AI-driven process enhancement.

Monitoring & Detection Homelab | Wazuh, Ubuntu, VirtualBox, Windows

- Deployed and configured a Wazuh monitoring platform, onboarding a Windows host for centralised log collection and real-time alerting.
- Configured File Integrity Monitoring that detected 100+ unauthorised file changes and triaged them from a central dashboard.

Certifications

Microsoft SC-900 • ISO/IEC 27001 Information Security Associate (Skillfront) • Google Cybersecurity Certificate (Coursera) • Cisco CyberOps Associate • Certified Threat Intelligence & Governance Analyst (CTIGA), Red Team Leaders • TryHackMe Sec1 • Microsoft SC-300 Identity and Access Administrator Associate (in progress) • CompTIA Security+ SY0-701 (in progress)

Additional

Languages: English (C1), German (A2)

Involvement: Cybercrime Volunteer, State Cyber Cell; Cybersecurity Lead, GDSC Club

Awards: Aspire Leadership Program (2024); L'Oréal BOOST Scholarship (2023)
